Dear Colleagues,

FYI, on behalf of Jacco Andreas de Vries.

Job opening for a 3-year postdoc position in quantum computing at Maastricht University.
The position entails the exploration of quantum algorithms for LHCb and the Einstein Telescope, together with the Fundamental Physics group (GWFP) and the Department of Knowledge Engineering (DKE). Maastricht University is part of the national Nikhef partnership. The position is funded by IBM Research and the candidate will spend part of the time at the Zürich headquarters.

The application deadline is on 8 Jan 2021.

Thank you,
Daniel Campora, Marcel Merk & Jacco de Vries
