

Dear colleagues,

An Associate Professor position is opening at LPCA (University of Clermont Auvergne), for a starting date in September 2025. The successful candidate will join one of the research activities at LPCA, including fundamental physics in the fields of particle physics and cosmology, or applied physics in the fields of health and the environment.

Please note applications must be submitted by April 4th 2025 using the common platform <https://odyssee.enseignementsup-recherche.gouv.fr/> (job offer 250177)

A description of the position and application procedure can be found here: <https://lpca.in2p3.fr/-Opportunities-101-.html>

The ALICE, ATLAS and LHCb groups can therefore welcome the successful applicant. Further information about the position and the procedure can be obtained with Xavier Lopez (ALICE, [xavier.lopez@clermont.in2p3.fr](mailto:xavier.lopez@clermont.in2p3.fr) <<mailto:xavier.lopez@clermont.in2p3.fr>>), Djamel Boumediene (ATLAS, [Djamel.Boumediene@cern.ch](mailto:Djamel.Boumediene@cern.ch) <<mailto:Djamel.Boumediene@cern.ch>>) or Stéphane Monteil (LHCb, [monteil@in2p3.fr](mailto:monteil@in2p3.fr) <<mailto:monteil@in2p3.fr>>).
